

Table 7  
Sources of Financial Support for Doctoral Training Reported by  
1996 Doctorate Recipients in Psychology

| Sources of Support | <u>All sources</u> |      | <u>Primary source</u> |      |
|--------------------|--------------------|------|-----------------------|------|
|                    | N                  | %    | N                     | %    |
| Total              | 1,686              | 100  | 1,686                 | 100  |
| Own/family         | 1,524              | 90.4 | 550                   | 32.6 |
| University RA/TAs  | 1,197              | 71.0 | 552                   | 32.7 |
| Loans              | 1,051              | 62.3 | 385                   | 22.8 |
| Grants             | 528                | 31.3 | 109                   | 6.5  |
| Not specified      | 15                 | 0.9  | 90                    | 5.3  |

Source: 1996 Doctorate Employment Survey, Research Office, APA.

Note. Respondents were asked to indicate all sources of financial support, and many indicated multiple sources. Therefore, percentages in the "All Sources" column exceed 100.0%.
