Master's GPA	0	0	**	**	3.77	0.15	0	0	**	**	**	**

Source. 2000 Graduate Study in Psychology. Compiled by the APA Research Office.

Note. These data are based on information provided by 616 departments that responded to the survey and reported data on required test scores and GPAs for admission. GRE scores for each general test can range from 200 to 800. Scores for GRE subject tests can range from 200 to 990. MAT scores can range from 0 to 100. GPAs are based on a 4.0 scale.

* Department chairs were asked to report the median score and/or GPA accepted for admission into a program. For purposes of consistency, the average of the median scores and/or GPAs has been reported.

** Summary statistics are not reported when N is less than 5. Note: some departments require scores without specifying minimums. Also, not all departments reported average scores/GPAs.
