Note. All stipends are reported in U.S. dollars. Average number of hours worked per week is based on a 20-hour work week.

[a] Percentages may not add to 100, as a number of departments offer neither full nor partial tuition remission.

* Data from Master's programs in Professional settings not reported due to low N.

** The Q3 amount listed here is unusually high due to the combination of a low N and a very high stipend amount offered at one school.
