Note. These data are based on information provided by 159 departments that responded to the survey and reported data on number of faculty. Due to incomplete U.S. faculty gender data, the following cases were not included in this table: 39 public full-time faculty, 42 public part-time faculty, and 8 private part-time faculty. Due to rounding, row and column totals may not total 100. Data should be interpreted with caution when N is small.
