Note. These data are based on information provided by 484 departments that responded to the survey and reported data on number of faculty. Due to incomplete U.S. race/ethnicity faculty survey data, the following cases were not included in this table: 93 public full-time faculty, 120 public part-time faculty, 3 private full-time, and 3 private part-time faculty. Due to rounding, row and column percentages may not total 100. Data should be interpreted with caution when N is small.

***According to the *1998 Graduate Study in Psychology*, "minority" is defined as Black, Hispanic, Asian/Pacific Islander, and Native American/Alaska Native.
